

THE DIRECTOR OF  
CENTRAL INTELLIGENCE

National Intelligence Council

29 March 1983

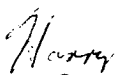

Don Gregg  
Assistant to the Vice President for  
National Security Affairs  
Room 298 Old EOB

Dear Don:

I think you will find this assessment  
on Mexico by one of my senior specialists  
both timely and provocative.

The Director, who asked for the  
analysis, has already forwarded copies to  
Secretaries Shultz, Weinberger, and Regan,  
and to Judge Clark.

Sincerely,

  
Henry S. Rowen  
Chairman
